Though she was awaiting her test results, Angelina worked to “stay calm and focused,” as she put it, by cheering on her kids on March 14.

ANGELINA Giving Up Career for Kids

AFTER HER LATEST CANCER SCARE, **ANGELINA JOLIE** RESOLVES TO FOCUS ON FAMILY

Hard decisions are nothing new for **Angelina Jolie**. Two years ago, she stunned the world — and sparked many important health-care conversations — by revealing she’d had a preventive double mastectomy because of her family history of cancer and the fact that she carries the BRCA1 gene mutation. And last month, after a checkup showed elevated risk markers, she chose to have her ovaries and fallopian tubes removed, sending her body into menopause at 39. “I know my children will never have to say, ‘Mom died of ovarian cancer,’” Angelina wrote on March 24 of the disease

that took her mother’s life at age 56.

Now, with the six children she shares with husband **Brad Pitt**, 51, foremost in mind, she’s ready to give up globe-trotting and long days on movie sets to concentrate on her family. “Angie had a real shock with this latest cancer scare,” an insider tells OK!. “She loves her work, but it doesn’t come close in importance to her kids. She doesn’t ever want to be apart from them, even if it means putting her career on indefinite hold.”

As for those kids — **Maddox**, 13; **Pax**, 11; **Zahara**, 10; **Shiloh**, 8; and 6-year-old twins **Vivienne** and **Knox** — they’ve asked to go to a regular school, sources say, rather than bounce among the family’s homes in

New Orleans, France, London and Italy as well as Hollywood. “Our kids are always packing,” Angelina once said. “It’s a game in our house.” Just weeks ago, though, a rare sighting of Angie and Brad at Zahara and Shiloh’s soccer match in L.A. signaled that the game has changed.

“For Angie, this is a no-brainer,” says the insider. “She will go ahead with projects she already signed on to” — including directing *Africa*, a drama about conservationist **Richard Leakey**’s fight to save elephants from ivory poachers and may star Brad — “but after that, she’s pulling back. She is taking a real break from the craziness of her life to finally just be a mom and wife.”

Trouble brewing? Zayn missed 1D's *Today* show taping in November, prompting Matt Lauer to ask if his absence was due to drugs.

ONE DIRECTION FALLS APART!

To the dismay of teen girls everywhere, the world's biggest boy band is heading in a new direction. On March 25, fans were stunned to learn that **Zayn Malik**, plagued by rumors of drug abuse and cheating on his fiancée, had quit One Direction. "I have to do what feels right in my heart," he wrote in an emotional Facebook post. "I am leaving because I want to be a normal 22-year-old who is able to relax and have some private time out of the spotlight."

According to an insider, Zayn's departure was a long time coming. "He only stuck it out for this long because there was a massive loyalty

bonus promised to each member if they successfully fulfilled their contract," says the insider. "But he reached a crossroads where he didn't care about the money anymore."

While fans are distraught about Zayn's exit, 1D's remaining members may actually be relieved. "They're not happy that he quit in the middle of their tour, but they were also done dealing with his drama," shares the insider. Still, it may benefit the boys to be a little more concerned with Zayn's well-being instead of cutting ties completely. "Zayn's always been the soft-spoken one, but that's not to say he won't spill any secrets if the band leaves a sour taste in his mouth," adds the insider.

IS HARRY GOING HOLLYWOOD?

On the heels of Zayn's exit, **Harry Styles** could be ready to take on his own solo projects, including acting. "He loves what **Justin Timberlake** has done and wants to follow a similar path," reveals a source. Plus Tinseltown would be thrilled to have him. "When you meet him, he's supercharismatic," movie mogul **Harvey Weinstein** told reporters in January. "I think the guy is a movie star."

LORDE NIXES TAYLOR DUET

Lorde may join Taylor Swift for sleepovers and shopping sprees, but don't expect the alt-pop superstar to invite her blonde bestie into the studio anytime soon! According to an insider, the "Shake It Off" singer suggested the gals record a song together — but Lorde didn't think it was such a good idea. "She loves Taylor but thinks they have completely different sounds and that their voices won't mesh well together," reveals the source. "Taylor was pretty disappointed with her reaction."

The source says Lorde is afraid she might come off as second fiddle if they released a duet, since Taylor's career is much more established than hers at this point.

SCOTT'S REHAB SHAM

That was quick! Less than a week after entering Costa Rica's Rythmia Life Advancement Center to seek treatment for alcohol abuse, **Scott Disick** was spotted out on the town — and he wasn't celebrating his newfound sobriety. On March 21, the troubled reality star was spotted hanging out near the bar at Rogue, a local nightclub, where sources say he partied until the wee hours of the morning. However, his reckless behavior sadly doesn't come as a surprise to those close to him. "Scott knew he'd get tons of attention for claiming that he was ready to change himself — and lo and behold, he was right," reveals a family insider. "He's in denial about how bad his problems really are. It's disgusting to think his rehab stint was basically staged."

Two days after partying in Costa Rica, Scott posted — and then deleted — a photo touting his upcoming appearance at 10Oak in Las Vegas.

TOM'S GIRLFRIEND HUNT

It sounds like Tom Cruise has a few auditions lined up — and they're not for his next role! Nearly three years after his split from Katie Holmes, insiders tell OK! that the actor is anxious to find love again and has tasked his team with finding him a girlfriend. "Tom was nervous about dating after the controversy over his previous 'search' for a wife, but he's tired of being alone," says a source. In October 2012, *Vanity Fair* famously published an exposé documenting Tom's casting-couch-style interviews with actresses and unwitting potential spouses including Sofia Vergara and Scarlett Johansson. But now that his romantic life is out of the headlines, the star hopes he'll finally be lucky in love. In fact, the source reveals Tom is already getting to know British actress Katherine Waterston: "They've been on a few dates, but Tom's not sure that she's the one he can step out and make a public declaration with."

"Tom is very picky when it comes to women, but he's actually quite excited about Katherine [left]," says the source.

BRIT'S BABY GIFT TO JUSTIN

Jealous ex? Not quite! Thirteen years after Britney Spears and Justin Timberlake called time on their young love, Britney proved there are no hard feelings with a really thoughtful baby gift for JT and his due-any-minute wife Jessica Biel. An insider says the package — complete with books, cashmere blankets, oils and candles — also included a handwritten note to Jessica. "Britney wrote that she knows Justin is going to be an incredible dad," the insider says. "They were blown away. This is a big milestone in Justin's life, and Britney's genuinely happy for him."

"Britney feels like now is the time to let the past go," says a source.

BEYONCÉ

FIGHTING TELL-ALL

When someone threatens Queen Bey's privacy — and her meticulously managed image — she isn't going down without a fight! **Beyoncé** is said to be livid over a tell-all that author J. Randy Taraborrelli has in the works, which will reveal secrets behind her fractured marriage to **Jay Z**. "Jay is worried he's going to be painted as a villain," says a source. "They were having big problems around the time Bey miscarried, and he knows he could have handled the situation better." Now the power couple's teams are frantically reaching out to people and begging them not to cooperate with Taraborrelli. But it may be too late. "There's a group of well-paid researchers on this book," says the source. "They've left no stone unturned." Stay tuned!

PRINCE OUT ON HIS OWN

Michael Jackson often tried to relive his childhood, but his son Prince can't wait to grow up! Sources say the 18-year-old heir is ready to move out of his grandmother Katherine's house and has been looking at properties around L.A. But while some folks in his inner circle worry that he's not ready to be on his own — especially after palling around with Floyd Mayweather and Justin Bieber and later being photographed smoking a suspicious rolled cigarette — a source insists, "He's just testing the waters, like many teens do. His family isn't too worried, because he really does have a good head on his shoulders."

EVA HIT WITH BACKLASH

Eva Mendes is probably wishing she'd kept her problem with pants private! In a March 18 interview, the actress claimed to have found the key to a successful marriage: no sweatpants. Her crusade against comfort continued a few days later, when she voiced her disdain for denim. "I think jeans are really uncomfortable, actually — aren't they? They're so restrictive!" However, many women were quick to disagree. "Shameful, degrading and the reason women have negative complexes," wrote one commenter. "It's more about feeling good about yourself than looking good for your partner," said another. "Eva doesn't realize that not everyone can afford designer dresses," adds an insider. "She needs to think before she speaks!"

KIM'S RHOBH BOMBSHELL

It was one of the most dramatic fights on this season of *The Real Housewives of Beverly Hills* — and that's saying a lot! After Lisa Rinna expressed concern over Kim Richards' sobriety for the umpteenth time, Kim threatened to reveal a secret about Lisa's husband of 18 years, Harry Hamlin. "You'd better watch what you say about me, or everybody will know!" Kim screamed. But the secret never came out — until now. A source says Kim was referring to rumors about Harry having affairs with men, something the actor — who plays a gay doctor on the Showtime hit *Shameless* — has "heard since he started out in Hollywood. He certainly doesn't give a damn about the rumors." (Lisa's rep brushed off the story as well.) He does, however, have an opinion about Lisa's future as a Housewife. Says the source, "He's urging her not to renew her contract."

Looks like Kim's got something to say!

COUPLES NEWS

Bethenny's BAD BREAKUP!

"I'm not dating. Right now, I'm at a standstill," Bethenny told Andy Cohen on *Watch What Happens: Live*.

Bethenny Frankel may want to add a chapter to her new book, *I Suck at Relationships So You Don't Have To*, after recently ending her messy yearlong romance with financier **Michael Cerussi III**.

The 44-year-old *Real Housewives of New York City* star started dating Michael, 35, while in the midst of a nasty divorce battle with estranged husband **Jason Hoppy**, with whom she shares daughter Bryn, 4. "She was vulnerable — and her friends think Michael took advantage," an

insider reveals, adding, "She was so lonely, she put up with things she should never have allowed." Like the businessman's temper — last year, after she told Michael that Jason, 44, didn't want him near Bryn, the banker reportedly threw a vase at the wall and yelled expletives at her. "It was a very up-and-down relationship," the insider says. "Bethenny was really concerned about Michael's volatility."

Already struggling to deal with her bitter divorce, Bethenny decided to pull the plug on her relationship

with Michael. "She couldn't handle two ugly situations at the same time," the insider says.

During a recent *Watch What Happens: Live* appearance, Bethenny alluded to other factors that may have doomed the relationship: "I think fame and attention does not bring out the best in everybody. Money, in many ways, is the root of all evil," the *Skinnygirl* mogul said, adding that she believes in love, but won't marry again. "Marriage is the Hotel California. You can check out anytime, but you can never leave."

PALS TO LILY: CHRIS IS A PLAYER

Chris Evans may star in *Captain America*, but to friends of his new flame, **Lily Collins**, he's no hero. "It's tough for them to see her dating one of Hollywood's most notorious womanizers," an insider explains, adding that those close to 26-year-old Lily fear she'll be just another conquest for Chris, 33. The relationship is still fresh — neither side has publicly confirmed it — but the insider dishes: "Chris thinks Lily could be the one to tame him, but she's setting herself up for heartache."

Last year, Chris said, "I want to get married and have children — that's the ultimate thing."

DESPERATE TO SAVE HER MARRIAGE

Jada Pinkett Smith hasn't had a hit TV show in years — so why would she give up her triumphant return now? Her rep denies it, but sources say the secret reason the 43-year-old actress won't return for season 2 of Fox's critically acclaimed *Gotham* is to focus on her relationship with **Will Smith**, her husband of 17 years. "Jada enjoyed her time on the show, but she and Will have issues," a source says. "She can't afford to be on set right now." Recently, divorce rumors have dogged the couple, fueled by reports that Will, 46, got too cozy with his *Focus* costar **Margot Robbie**.

"Jada has shown Will that she's willing to make hard choices to do what's best for their marriage," a source says.

Miley & Patrick BACK ON TRACK?

Looks like **Patrick Schwarzenegger** is back in **Miley Cyrus**' good graces. The couple was spotted at Studio City, Calif., sushi spot were on March 23, just one week after photos surfaced of 21-year-old USC student Patrick taking body shots off his "best friend's girlfriend" and flirting with his ex Taylor Burns during spring break in Cabo San Lucas, Mexico. "Miley has forgiven Patrick," an insider tells OK!. But another friend claims Patrick has not come totally clean with Miley, 22. "He's still texting Taylor almost every day," the insider dishes, adding that the "Wrecking Ball" singer is turning a blind eye because she wants to believe him. "Everyone but Miley knows that he can't stay faithful."

Eyewitnesses say the pair were laughing, holding hands and kissing over dinner.

REESE DITCHES BOTOX FOR JIM

Since giving up Botox treatments, **Reese Witherspoon** may have a few wrinkles — but her relationship with her husband is tighter than ever! Sources say **Jim Toth**, 45, hated how Reese used to obsess over flaws and loves her new natural look. "She used to be hung up on superficial stuff that grated on Jim's nerves and led to arguments," a pal dishes. But Reese, 39, "quitting her quest for perfection" and "aging gracefully" has Jim thrilled. "He thinks she's the most beautiful woman in the world," the pal says.

Reese went makeup-free for *Wild*.

Mary-Kate & Olivier SUMMER WEDDING!

The most stylish wedding of the year is on! **Mary-Kate Olsen**, 28, and her fiancé, **Olivier Sarkozy**, 45, plan to marry late this summer in front of their friends and family in a romantic Parisian ceremony. "It's going to be impossibly chic," a source tells OK!. Would you expect anything less from one half of the twin team behind designer labels The Row and Elizabeth and James? According to the source, the guest list already tops 400 people (no surprise, since Olivier's half brother, **Nicolas Sarkozy**, is the former president of France), but there won't be any bridesmaids or groomsmen. "Mary-Kate will steal the show," the source says.

An insider says Mary-Kate's also eager to get started on their family!

THE SECRET'S OUT: BUSTED IN NYC!

On the morning of March 22, despite their best attempts to remain incognito, Jennifer and Bradley were photographed leaving a New York City hotel together. (It turns out that hats and sunglasses don't actually render one invisible!) Bradley was even seen carrying Jennifer's dog. According to a source, they'd hoped to keep things under wraps: "Keeping it secret was fun."

BRADLEY &
JENNIFER

It's Love!

BRADLEY COOPER AND JENNIFER
LAWRENCE ARE FINALLY GIVING THEIR
ROMANTIC RELATIONSHIP A GO

In just four years, **Bradley Cooper** and **Jennifer Lawrence** have made four films together, their apparent affinity for each other — and obvious chemistry — drawing comparisons to **Humphrey Bogart** and **Lauren Bacall**. Now, it seems that they're following in Bogie and Bacall's footsteps in another way too: Much like the beloved Old Hollywood duo, who fell in love on set, Bradley and Jennifer are taking their relationship to the next level.

ONE MOMENT CHANGED EVERYTHING

It all started a few weeks ago in Boston, where they're shooting the forthcoming movie *Joy*, their third collaboration with director **David O. Russell**. "Jennifer and Bradley were having dinner together at the hotel, like they often do," says a source close to the pair. "She'd had a couple of drinks, and when the conversation came around to the tough year she's had and her problems with [on-off boyfriend] **Chris Martin**, she grabbed Bradley's hand and thanked him for always being there for her."

"When she didn't let go right away," the source continues, "it was like something suddenly shifted between them. Neither of them even had to say anything — they looked into each other's eyes and they just knew. It wasn't some grand proclamation of love, but it meant everything to Bradley."

HE'S DENIED HIS FEELINGS FOR YEARS

According to the source, the 40-year-old actor has been crushing on his much-younger costar for years, even though he's always denied it. Asked about the possibility of a real-life romance in 2013, he said, "If it didn't happen by now, it's not gonna happen. I could literally be her father." However, his subsequent relationship with model **Suki Waterhouse** — who, at 23, is slightly younger than 24-year-old Jennifer — seems to indicate that he has since changed his mind about the possible problems inherent in a not-insignificant age difference (or was lying about it from the get-go).

Of course, Bradley was still seeing Suki when he and Jennifer experienced their watershed moment,

OK! COVER STORY

so he quickly set about dissolving the relationship. “He wanted to end things properly with Suki,” the source says. “He said he owed her that much.” He decided to take her to the Oscars, as promised, even though he texted Jen, back in Boston, from the *Vanity Fair* afterparty. “He sent her a message saying that he wished she was there with him,” the source reports.

NOW IT'S SO ON!

Since Bradley and Suki have split, the path is clear, and though reps for both actors deny it, he and Jennifer are eagerly moving forward. Even when they're not filming *Joy*, the source says, they're together day and night, often sneaking off for alone time. “He's crazy about her,” the source explains. “He admits that they talk every day and says he's never met someone who's captivated him like this.” Indeed, those feelings were obvious as he presented his *Silver Linings Playbook* costar with a best actress trophy at the 2013 L.A. Film Critics Association Awards. “She has this ferocious intelligence I don't think I've seen before,” he said. “No matter how stressed we could get... you look at her and she sort of winks at you and says, ‘Everything's going to be okay.’”

For Jennifer, the romance provides a welcome distraction from what's been, on balance, a challenging year (see sidebar, right). Not only was she the victim of a painful hacking incident that saw her intimate pictures leaked all over the Internet, but she's been through a couple of breakups in the past few

Ever since the two starred together in 2012's *Silver Linings Playbook*, Bradley's been smitten. “I knew right away it was going to be effortless,” he said back then. “She's the best there is.”

months. And Bradley's been there, through thick and thin. “He's a great listener,” the source says. “He knows more about her than anyone, and it's made their bond stronger than ever. She says he just makes her happy.”

HAPPILY EVER AFTER...

Of course, there's no telling what will happen next, but the newly together twosome seem to have a very strong

foundation. (And the difficulties posed by large age gaps have certainly been surmounted in the past: Just look at Bogie and Bacall — there were 25 years between them!) “Everyone knows they have great chemistry... and their passion, which they've tried to hide, is undeniable,” the source says. “But they also have a lot in common, and they really make each other laugh.” **OK!**

BRAD PITT & ANGELINA JOLIE
Hollywood's most glamorous couple have admitted to falling in love while shooting the 2005 hit *Mr. & Mrs. Smith*... while **Brad** was still married to **Jennifer Aniston**.

MEG RYAN & RUSSELL CROWE
Just months after **Meg** and husband **Dennis Quaid** separated in 2000, she took her affair with *Proof of Life* costar **Russell** public.

KRISTEN STEWART & ROBERT PATTINSON
RPattz claimed to be just “good friends” with his *Twilight* costar in 2009 but fessed up to their love a year later.

OK! DRAMA

From the beginning of her whirlwind romance with **Ryan Sweeting**, **Kaley Cuoco** knew they were moving awfully fast. “He came to L.A. for a blind date, and he never left,” she’s said of the pro tennis player she married on New Year’s Eve 2013, after knowing him for just a few months. “He moved in the next day. I know, it sounds so slutty, but it wasn’t!”

Unfortunately, those who warned them to wait seem to have been proven right: Ryan, 27, hasn’t been able to get his tennis career back on track, and Kaley, 29, has tired of propping him up. “Ryan sits around their home all day, and they have huge fights where she tells him to figure out a way to make his own money,” says an insider. “The truth is, they got married before they really knew each other, and now it’s evident that they don’t have anything in common besides loving their dogs.”

KALEY & RYAN

MARRIAGE ON THE ROCKS

UNEQUAL FOOTING

As with many couples, their radically different paychecks are a source of friction. Whereas Ryan has struggled to regain his ranking on the pro circuit after back surgery in 2013 — his tournament earnings so far this year are just \$1,560 — Kaley is raking in a million dollars per episode of her hit sitcom, *The Big Bang Theory*, not to mention her endorsement deals and movie roles. “Ryan’s not doing anything that will

THE TENSION BUILDS

The last event Ryan and Kaley attended together was the Jan. 16 premiere of her film *The Wedding Ringer*.

THOUGH THEY WED JUST 15 MONTHS AGO, FRIENDS SAY THAT **KALEY CUOCO** AND **RYAN SWEETING** HAVE HIT A VERY ROUGH PATCH

IN HAPPIER DAYS
Kaley and Ryan were engaged just three months after they met; they married on New Year's Eve 2013 in a ceremony with a fire-and-ice theme. A year later, she posted this Christmas-season family photo, including their beloved dogs Norman (left) and Ruby.

earn money, and it's driving Kaley crazy," says the insider. Adds another source, "She feels used and unappreciated. Even though she's out working all day bringing in money, Ryan still expects her to come home and prepare a meal. She did this a lot in their earlier days together, but now she's told him to get off his butt and make *her* dinner."

Ryan has also chafed at Kaley's lavish tastes. In January 2014, when she bought their seven-bedroom, \$5.49 million home in Tarzana, Calif. (previously owned by **Khloé Kardashian** and **Lamar Odom**), Ryan had his doubts, telling pals it felt more like a hotel than a home, a source says. And he worried that it might have bad karma, given how Khloé and Lamar's relationship ended.

GOING IT ALONE

A couple of months ago, says an insider, tensions came to a head and Kaley and Ryan had a blowout fight; they've barely been seen together since the Jan. 16 premiere of her film *The Wedding Ringer* (at which Ryan looked decidedly scruffy, with unkempt hair and beard). She wasn't at his first match of the year, in

Maui — "she was too busy," says a source. "She had the SAG Awards." Instead, Kaley's been front and center at events with her *Big Bang* costar **Johnny Galecki**, 39, whom she dated secretly for two years. "Ryan is the jealous type, and Kaley loves that she's making him insecure," says a source. "The truth is, she's a mess over her rocky marriage and has been leaning on Johnny."

It's all taking a toll on Kaley, who's been showing up on the set with dark circles under her eyes and a few extra pounds, sources say. "She's stress eating and not working out as much as she used to," says an insider. Adds another, "It's a vicious, never-ending cycle with Kaley and Ryan, fighting or ignoring each other. Most of their loved ones fear it's only a matter of time before they divorce." **OK!**

KALEY AND JOHNNY: "A LOT OF LOVE"

Ryan hasn't often been at Kaley's side in public this year, but her ex Johnny Galecki sure has. "Suddenly they're on red carpets hugging, flirting and looking like a couple again," says an insider. The bond Kaley shares with Johnny — who is single since splitting from actress **Kelli Garner** last August — is based on true friendship. "They've always had a lot of love for each other," says the source, "and he's been her rock through everything." As Johnny has put it, "Kaley's not just an ex, she's a part of my life."

Got your back!
Kaley forgot to thank her husband at the People's Choice Awards on Jan. 7. Later, when *The Big Bang Theory* won for Favorite TV Show, Johnny did it for her.

OLIVIA SHEDS HER BABY WEIGHT

Eleven months after giving birth to son **Otis, Olivia Wilde**, 31, has morphed into one strong, lean mama bear. The *Meadowland* actress, who's engaged to *Saturday Night Live* vet **Jason Sudeikis**, recently credited an NYC dancercise program — created by Jason's sister, Kristin Sudeikis — for not only helping her get back into shape but also providing a workout she legitimately craves. One of Olivia's favorite classes, called 2Fly, is "inspired by the early '90s Fly Girls and blends fat-melting aerobics

with serious attitude that makes you feel, well, pretty damn fly," she recently said.

In a written tribute to the program, Olivia admitted, "Baby or no baby, getting out of the house to exercise is a serious achievement. If you're going to haul your behind to a class, it's not going to be for anyone else... For me, the bottom line — pun intended — is that the workout is fun."

2014
Baggy clothes were the norm for the pre-dancercise mama.

SLIMFAST IS BACK!

It's a classic for a reason: After more than 30 years, SlimFast remains one of the top clinically proven ways to drop pounds. As a meal replacement or fast and easy snack, the delicious shakes — packed with protein, essential vitamins, minerals and fiber (and now in a new-look bottle) — control hunger for up to four hours. Bikini season waits for no one!

RIHANNA KEEPS HER CURVES

Barbados-born powerhouse **Rihanna** has been as devoted to sculpting her famous curves as she is to wowing concert crowds. Two separate trainers have helped the “Towards the Sun” singer, 27, procure her island-ready, slim — yet still shapely! — physique. Trainer Ary Nunez has gone on tour with the pop star, introducing her to capoeira-based routines that combine martial arts, dance and

calisthenics — no matter the time of day. “Even if we’re on the road and it’s 2 AM, I’m on call,” he’s said.

For her cardio fix, Rihanna — who was recently named

creative director of athletic brand Puma — relies on celeb supertrainer Harley Pasternak, who keeps her heart rate up with jumping jacks and stationary biking. “I work out every day, but I need a trainer to motivate me,” Rihanna has said, adding, “Cardio is the key.”

2010
A redheaded Rihanna was once a little thicker around the middle.

KATE TONES UP

Could a marble-sculpted body like **Kate Hudson’s** be the result of a few yoga and Pilates classes? Not quite. The 35-year-old mom of boys **Ryder**, 11, and **Bingham**, 3, recently admitted that swapping out “softer stuff” for “more aggressive activities like TRX and boxing” has made all the difference in her rock-hard physique.

The famously upbeat actress doesn’t just hit the gym; her entire lifestyle

revolves around calorie-torching activities. “I love skiing, walking, hiking and especially riding my bike,” she said. “It makes me feel like I’m a kid again! It’s not just about trying to look good physically — it’s important to get oxygen to my brain and feel like my blood is really circulating.”

As a founder of the fitness clothing line Fabletics, a chic-activewear membership service, Kate knows that a long, lean body is truly the best PR she’s got. “Getting healthy is not a two-week process, it’s a change of lifestyle,” she said. “I really enjoy sweating it out.”

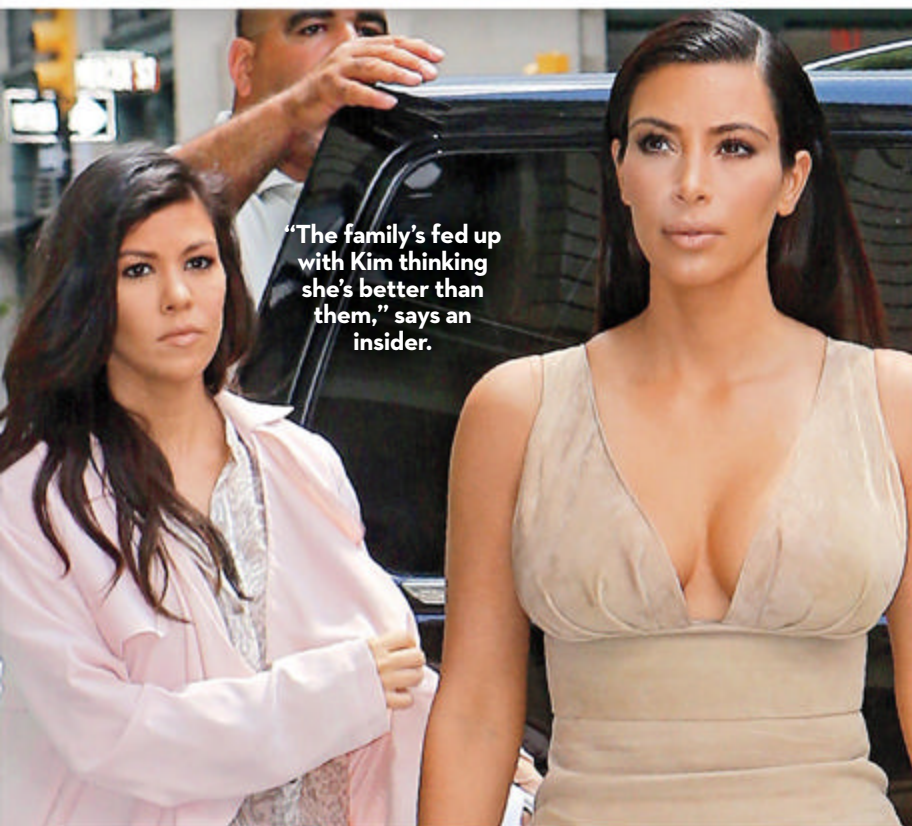

2011
Believe it: Lean queen Kate once rocked a fuller figure!

The Kardashians

TURN ON KIM

SHE MAY BE QUEEN OF THE KARDASHIAN EMPIRE, BUT THE REST OF THE FAMILY IS EAGER TO KNOCK **KIM** OFF HER THRONE

"The family's fed up with Kim thinking she's better than them," says an insider.

KOURTNEY FIRES BACK

Kardashian fans were keeping up with Kim first — and she knows it. But Kim's insistence that her family should be overcome with gratitude isn't sitting right with older sis **Kourtney**.

On a recent episode of *Keeping Up with the Kardashians*, Kim, upset by Kourtney's refusal to participate in her new video game, alleged that she had "bought" her ungrateful sister a career. A shocked Kourtney later insisted that she and **Khloé** wouldn't be taken for granted. "There's a lot we add to the equation as well," she said. Says a source, "Kim's ego is out of control, and it's starting to grate on them. They definitely want to bring her down a peg or two."

KHLOÉ STEALS HER LOOK

Bottle-blond and big-bootied: Not just for Kim anymore! Recently, Khloé's been lapping up the positive feedback for her new look and ample assets, despite Kim's comment last year that Khloé has "gotta lose a couple pounds." Insiders say Khloé, who once described herself as the "fat, ugly sister," has officially come out from Kim's shadow and doesn't care how her sensitive sis feels about it. "Khloé's the one laughing," says the source. "Everyone's asking, 'How'd you get that body?' She's feeling good about herself, and she deserves it. She's not listening to Kim and her pathetic put-downs anymore."

Kim's seeing red: Kris' current object of attention? Couture catwalker Kendall, of course.

KRIS FAVORS KENDALL

Scroll through **Kris Jenner's** Twitter feed, and you'd think she has only one daughter — current fashion It Girl **Kendall Jenner**. Sources say the days of momager Kris dropping everything to schedule Kim's appearances and laud her every move are over. "Kris keeps reminding Kim how much she hated her interfering in her life," says an insider, "but Kim doesn't like playing second fiddle. Kris is barely giving her a thought, and it's making Kim's blood boil!"

ROB LASHES OUT

Tell us how you really feel, **Rob**! Alongside a recent blood-covered movie still, the lone male Kardashian compared Kim to "the b*tch from *Gone Girl*" — aka a master manipulator. "That was just the way he was feeling, and he couldn't be bothered to hide it," says an insider. While Kim has famously insisted on giving her downtrodden bro tough love, sources say their relationship has only gotten more tough — and less loving. "Kim blames his depression for the way he behaves," says a source, "but he simply doesn't like her. She's not in control, and he wants her to know it."

"Rob and Kim's personalities don't click, and like everyone else, he's done holding his tongue," says a source.

Life Imitating Art

It's fitting that *Cougar Town* star **Courteney Cox** has always been comfortable with younger men. Her ex-husband, **David Arquette**, is seven years her junior, and her fiancé, Snow Patrol rocker **Johnny McDaid** (above) — who asked her daughter, **Coco**, 10, for permission to propose — is 38 to her 50. “The experience and knowledge and overall confidence that a woman has is attractive to younger men,” Courteney has said.

WELCOME TO

COUGA TOWN

THEY SAY WOMEN PEAK LATER IN LIFE, AND THESE CELEBS PROVE IT. HOLLYWOOD'S REAL FOUNTAIN OF YOUTH? YOUNGER GUYS!

Half Her Age, Twice as Nice!

To critics of the age gap between *Fifty Shades of Grey* director **Sam Taylor-Johnson**, 48, and her 24-year-old husband, **Aaron Taylor-Johnson**, Sam has a simple message: “Tell them to f*** off,” she told an interviewer. “If you love someone, you love someone. It doesn't matter; age, color, c'mon!” The couple met when she cast him as **John Lennon** in her 2009 biopic *Nowhere Boy*, and when they wed in 2012 they joined their last names. “I'm an old soul, and she's a young soul,” he has said.

Taking Care of Business

Gabrielle Union, 42, insisted on one thing for her second marriage, to Miami Heat basketball star **Dwyane Wade**, 33: a prenup. “I've never seen Dwyane balance a checkbook,” she said prior to their 2014 wedding. “I gotta protect my stuff!” She also believes a younger guy has kept her young, saying, “Dip into the kiddie pool, ladies!”

Playing His Part

Few showbiz marriages are as lasting as the one enjoyed by **Hugh Jackman**, 46, and **Deborra-Lee Furness**, 59, who met when she was the star of a TV drama and he was a novice actor. As they near the 20-year mark, she's said the changing looks his roles demand keep things interesting: "It's like I'm always having affairs."

Rock 'n' Role Model

Her marriage to 15-years-younger **Ashton Kutcher** ended badly, but **Demi Moore**, 52, remains drawn to young hunks. (And when you can rock a bikini like Demi does, why not?) Her most recent relationship is with **Sean Friday**, 28, a drummer for the L.A.-based band Dead Sara. They've been seeing each other for more than a year.

Like Daughters, Like Mother

Though her daughter **Khloé Kardashian** found it "creepy" that **Kris Jenner**, 59, was dating **Corey Gamble**, 34, after her marriage to **Bruce Jenner** ended, Kris reveled in her freedom. Theirs may not be a love story for the ages, but by all accounts it's been a lot of fun. As daughter **Kim Kardashian** has noted, "The bed, like, bangs up against the wall."

A Ballsy Choice

Susan Sarandon, 68, has been coy about her romance with **Jonathan Bricklin**, 37, whose New York Ping-Pong club, **Spin**, she invested in. "Our collaboration extends into several areas," she has said. Though they're rumored to have recently split, the actress — whose previous partner, **Tim Robbins**, was 12 years her junior — was nonchalant about the age difference: "It's the soul of a person that interests me," she said.

When Marie Avgeropoulos needed help mastering the stunts in her new action flick, *Tracers*, she looked to her costar Taylor Lautner. "The stunts are phenomenal," Marie told OK! TV.

HORROR NIGHT

Sarah Paulson chatted with OK! TV at PaleyFest in L.A., where she announced to the audience she wouldn't be returning for the fifth season of *American Horror Story*. In four seasons, Sara's played five different characters, ranging from a witch to conjoined twins. "It's never been done that way before," she told us. "It's been very special."

VIKING VISION

Australian actress Alyssa Sutherland channeled her character's prophetic powers to give OK! TV a hint of what's coming up for the soothsaying princess she plays on History Channel's drama *Vikings*: "We're going to see her reclaim her identity," she said.

"We are playing girls who we all love to hate," Erin says.

REALITY BITES

OK! TV sat down with Erin and Sara Foster, daughters of music megaproducer David Foster and the sisters behind VH1's *Barely Famous*, a show that pokes fun at reality TV. "It's about L.A., celebrity culture and the desperation to be famous," Sara said. "Everyone is trying to get on TV."

imagine living like the Underwoods. They're the same breed, two alphas who stick together like a pack of wolves. That's so much fun to play, but for me, I just couldn't be happier in my relationship.

How was it steering Kevin Spacey in the three episodes you directed?

At first I was terrified to

tell him what to do. But once I was able to get the word "action" out, it was fantastic. Kevin is the most beautiful puppet.

Do you plan to keep directing?

Yes. We need more female directors in the industry. I want to keep directing, and I don't want to act anymore, let the truth be known.

Your career has spanned more than two decades. Has the press glare ever been tough for you?

People are free to judge you and your actions. You're like a zoo animal, and it can be difficult for anyone to navigate those waters.

Your daughter, Dylan [Penn], got a taste of that when she was rumored to be dating Robert Pattinson.

Boy, was that a wake-up call for her. She said, "I'm never going to the Viper Room with Rob Pattinson again," who is just a friend. They blew everything out of proportion, but I was like, "Welcome to Hollywood, baby!"

FAMILY TIME
Robin with fiancé Ben (left), and kids Dylan, 23, and Hopper, 21, from her marriage to Sean Penn.

These days, **Robin Wright** rules the small screen as *House of Cards*' frosty First Lady Claire Underwood, but juicy roles haven't always come easily for this Hollywood vet. "There was a dry spell for a time," admits Robin, 48. "But I don't feel the well is empty for us gals over 40, and this part is such a prime example." Now, with a thriving career, a hot fiancé (actor **Ben Foster**) and a fresh outlook on life, the Princess Bride is back on top and loving every minute of it.

Do you feel like this is the golden age for actresses, especially in TV?

Today there's a wealth of writing out there, so as you age the roles don't get fewer, just older. For so long I was typecast as the dour wife whose husband was unfaithful. It was so exhausting and boring. Now it's so much fun to play the maestro.

Claire would probably do a better job than her hubby, Frank, as President.

We need a female President. Women are very communal. Men can get combative in a group setting, and that's why nothing gets done. So why not try a new way of thinking?

Can you identify with the calculated relationship between the Underwoods?

Oh, god, no. I'm a hopeless romantic. I'm so in love with my guy, I couldn't

Yogurt and Blackberry Parfait

SERVES: 4
TOTAL TIME:
40 MIN.

SKILL LEVEL

As star of Food Network's *All-Star Academy*, chef-owner of restaurant Maude in L.A. and father of two young boys (**Hudson**, 3, and **Emerson**, 6 months), **Curtis Stone** is a busy guy. That's why the cookbook author, whose latest compilation is called *Good Food, Good Life*, has a list of go-to recipes – like this breakfast parfait – that make preparing healthy family meals a snap. “Parfaits are quick and easy to assemble, so why not make a batch and stick them in the fridge?” he says. “Covered, they’ll last up to three days.” Unless you eat them all in one sitting.

Ingredients

- 1/2 vanilla bean
- 1/4 cup sugar
- 2 cups fresh blackberries
- 1 cinnamon stick
- 2 2/3 cups plain yogurt
- 1/2 cup granola, for garnish (optional)

Directions

1. Using a paring knife, split vanilla bean lengthwise and scrape the seeds into a medium bowl. Add scraped bean and sugar. Using your fingers, work vanilla seeds into sugar for about 1 minute, or until mixture becomes delightfully fragrant. Add blackberries and cinnamon stick; toss to combine. Set berries aside at room

temperature to macerate, stirring occasionally, for at least 35 minutes and up to 1 hour, or until they have released some of their juices and sugar has dissolved.

2. Discard cinnamon stick and scraped bean and divide blackberries between 4 (10-oz.) jars, glasses or bowls. Spoon 2/3 cup of yogurt on top of blackberry mixture. If desired, top parfait with granola for a satisfying crunch.

Model Bride

Behati Prinsloo and **Adam Levine** both said “I don’t” to a traditional wedding, opting instead for a chic farm venue in Mexico where **Jonah Hill** officiated and the grooms wore Hawaiian-print shirts. So it’s no wonder **Tommy Hilfiger** chose the model to star in his “unconventional cool” wedding-themed I Do Hilfiger Spring 2015 campaign (shown here). Whether you consider yourself edgy or more traditional, read on for advice on how to plan your own A-list-caliber affair — or just look great attending one.

MAKE IT A TOP-NOTCH AFFAIR WITH THESE POINTERS FROM JUST-MARRIED CELEBS AND THE EXPERTS WHO HELPED THEM

Platinum Ring with Strawberry and Vanilla Diamonds, **Le Vian Couture**, \$155,000; levian.com

The Ring

"While the traditional engagement ring is still beloved by women today, alternative engagement rings — those that feature a particular gem or colored diamond that speaks to the uniqueness of the woman — are trending," says Eddie LeVian, designer and CEO of Le Vian jewelry (a fave of thrice-married **Jennifer Lopez**).

ON LOVE

"I waited because I didn't want to settle," said Cameron at her wedding. "Now I got the best man ever."

The Invite

"Paper quality and thickness, as well as the printing process, are clear indicators of quality in a specialty custom invitation," says Eddy Martinez of Natural Impression Design, who crafted invites for *The Bachelorette* star **Desiree Hartsock's** (right) engagement party. "Calligraphy makes all the difference too. When a calligraphy envelope is delivered, guests will instantly know that it's not just mail."

➔ The Venue

While bad weather is a risk, "It's the year-round beauty that makes saying 'I do' in a vineyard so special," says Sarah Zwisler, private events manager at Sunstone Vineyards & Winery (pictured), where **Lauren Conrad** got hitched. "Many couples even have the opportunity to enjoy a bottle of wine harvested from the vineyard they were married in."

⬅ The Wedding Planners

Stefanie Cove and Yifat Oren are the mastermind duo behind **Cameron Diaz** and **Benji Madden**'s top-secret affair. And while both of them prefer to remain behind the scenes, Stefanie shares that it's key to "create a comfortable environment" and exude a "careful carelessness." She likes casual elegance (like the tented backyard and linen tablecloths at Cameron's celebration) and takes inspiration from home magazines more than those devoted to weddings.

⬆ The Flowers

"A natural bouquet — one that looks like it's been hand-gathered — is the current trend," says Nancy Kaye, special events coordinator at Mark's Garden, the florist responsible for the blooms at **Gwen Stefani** and **Gavin Rossdale**'s nuptials. "Lilies of the valley paired with garden roses and peonies are the most romantic combo."

The Cake

Yes, there's a cake on the end of that chandelier! It's from **Kaley Cuoco's** wedding and was created by Kimberly Bailey, owner of The Butter End Cakery. "This is your opportunity to have a custom confection," Kimberly says. So go for it. And in terms of the taste: "Always choose two flavors. Don't worry about pleasing the least-adventurous guests. There's a good chance everyone will love at least one of them."

The Dress Designer

"The Marchesa bride is confident, elegant and bold, drawn to memorable details and unique embellishments," say Georgina Chapman and Keren Craig, cofounders of Marchesa, the celebrated brand that dressed **Blake Lively** and **Nicole Richie** on their big days. Consider shopping for a gown outside of the bridal realm. With high-end designers like Marchesa, their couture and ready-to-wear collections can easily transition to a wedding day.

COLOR
PINK
HAPPY

"Warmer tones of champagne and blush are gaining popularity," say Marchesa designers Georgina and Keren

The Theme

A theme can help to personalize your celebration, whether it's something as simple as color (**Solange**'s all-white fête) or as decadent as **Aaron Paul**'s *Great Gatsby*-inspired nuptials. "A good way for the bride to execute her chosen motif is with her accessories," says Kleinfeld fashion director Terry Hall. "To make her vision a reality, she must provide her guests with direction as early as the save-the-date."

The Hairstyle

"Your headpiece is the accessory that's going to be in every picture — far more than your shoes — so splurge on something that you can wear again," says Jennifer Behr, founder of the eponymous hair accessory line, which **Lauren Conrad** wore on her big day. "Go for gold," she suggests. "It's a lot easier to wear again than superbridal-looking crystal and pearl."

Delicate Laurel Leaf Bandeaux, **Jennifer Behr**, \$298; jenniferbehr.com

The Honeymoon

For your getaway, think laid-back luxury: **George and Amal Clooney** chose the exclusive Wilderness Collection's North Island (pictured) in the Seychelles. The secluded spot boasts enormous, open-air five-star accommodations, not to mention stunning beaches, fresh island-grown gourmet fare and plenty of exotic wildlife.

Will Ferrell, Kevin Hart, Alison Brie, T.I. | R | March 27

Two of Hollywood's favorite funny-men join forces for this odd-couple comedy about wrongfully convicted millionaire James King (Will Ferrell), who asks Darnell Lewis (Kevin Hart), his sole black friend, to prep him for life behind bars,

despite the fact that he's never been to jail. With the promise of \$30,000 to fund his dreams of starting his own business, Darnell accepts the dubious teaching gig and spends the next month trying to toughen James up as much as possible.

Jim Parsons, Rihanna, Steve Martin, Jennifer Lopez | PG | March 27

Rihanna may be one of music's most risqué stars, but the singer tones it way down to bring her voice to this 3D animated buddy comedy. RiRi stars as wry teenager Tip, who loses her mother (Jennifer Lopez) during an invasion by well-meaning aliens. (The cutesy purple race of extraterrestrials called Boovs is just trying to find a planet where they can hide from their enemies.) As Tip searches for her mom, she befriends the goofy Oh (Jim Parsons), a banished Boov, and the pair set off on a globe-trotting adventure to evade capture.

Forget Paul McCartney, Jim Parsons is Rihanna's most unlikely collaborator yet!

DORINDA MEDLEY

STAR OF *THE REAL HOUSEWIVES OF NEW YORK CITY*

OK! Q&A

There's a new Housewife on the block! Outspoken socialite **Dorinda Medley** chats with OK! about entering the lions' den.

Why did you decide to join *RHONYC*?

I had been approached before, but the timing was never right. Then my husband, Richard, passed and my daughter went to school. I thought, "I'm turning 50, and I've never done anything like this." So I decided to give it a go.

Did you make any friends — or enemies?

I've been friends with **Ramona Singer** and **LuAnn de Lesseps** for a long time. **Sonja Morgan** and I hit it off right away because she's just so wacky. I had some issues with **Kristen Taekman** —

she's younger and comes from a different background — but we sorted things out.

Any thoughts on Bethenny Frankel's return?

I was very curious, and slightly frightened, to meet her, but we get along well. She brings back the old-school tone of the show, so I think she's a great addition.

How does your personality fit in with this group?

I think I acted as a bit of a mediator. I didn't think I'd play that role, but I tried to bring the girls together.

Would you come back for another season?

I'd love to. After someone passes away, you feel guilty about laughing and dating again, but this made me realize it's okay to live again — and I think Richard would have loved all these new people in my life.

Don't miss new episodes of *The Real Housewives of New York City*, Tuesdays at 9 PM ET on Bravo.

A STRONG CASE

Phone cases bend and crack almost as much as the precious devices they're built to protect. To solve this problem, Evutec has developed highly durable cell phone cases — five times stronger than steel! — out of eco-friendly materials like bamboo, denim and even grass! Models like **Cody Simpson's** start at \$40; evutec.com.

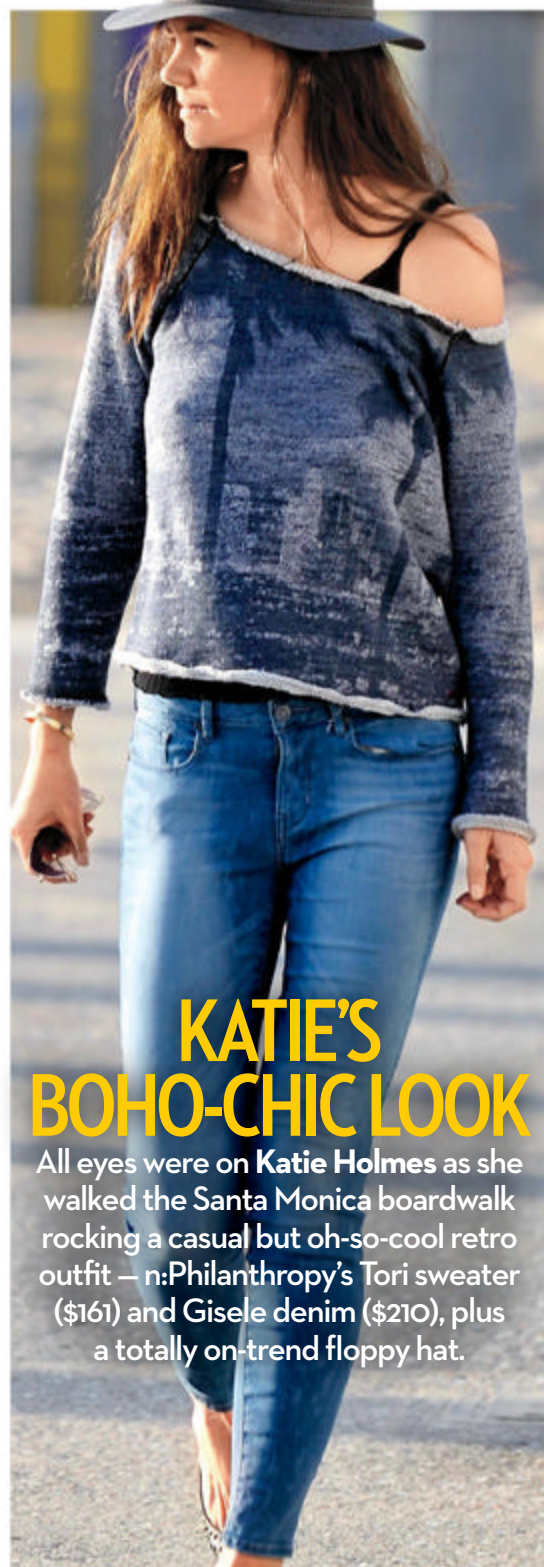

SINGING SIBLINGS

London-based band Kitty, Daisy & Lewis' new album *The Third* — produced by The Clash's **Mick Jones** — brings back the feel of the '60s and '70s with a fresh twist. The siblings are multi-instrumentalists who also sing and write, bringing a variety of talents and influences to their country-blues-jazz-rock 'n' roll sound. On iTunes now.

WALKING PROUD

Model **Courtney Sixx** was in attendance in Manhattan Beach, Calif., as Skechers presented a check for \$1.1 million to The Friendship Circle, which supports special-needs kids, and six education foundations, the result of the 6th Annual Skechers Pier to Pier Friendship Walk held last year.

KATIE'S BOHO-CHIC LOOK

All eyes were on **Katie Holmes** as she walked the Santa Monica boardwalk rocking a casual but oh-so-cool retro outfit — n:Philanthropy's *Tori* sweater (\$161) and Gisele denim (\$210), plus a totally on-trend floppy hat.

A SKIN-PLUMPING POTION

As we age, our skin loses its ability to retain elasticity and moisture. To combat this problem, you could get Botox or even go under the knife... or you could spend \$20 on Nip + Fab Skin Dragon's Blood Fix Plumping Serum. Apply

the lightweight formula to your freshly cleansed face for a hit of intense moisture that also forms a protective film over your skin, guarding it from harsh elements in the environment. At CVS stores nationwide.
